

Función Cuadrática

En los siguientes ejercicios, considere que $f(x) = ax^2 + bx + c$. Relacione cada gráfica con las condiciones que le corresponden. Arrastre para establecer la correspondencia.

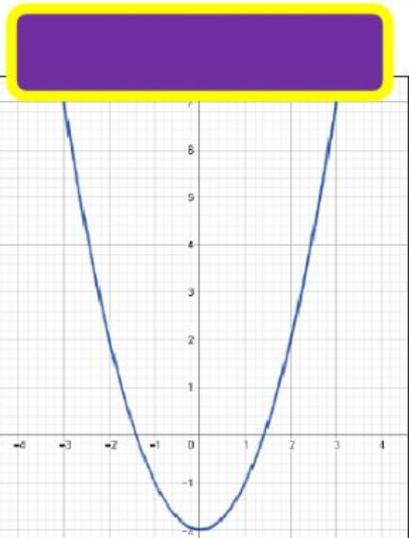

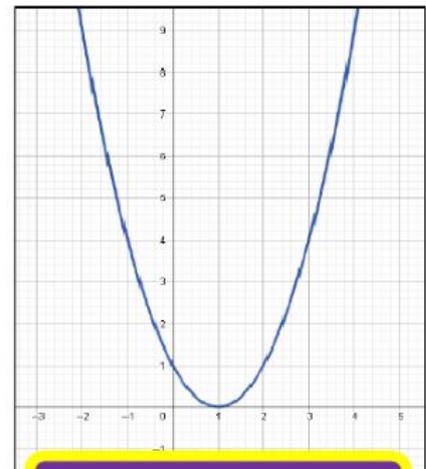

$$a > 0, \Delta > 0, c > 0$$

$$a > 0, \Delta > 0, c < 0$$

$$a < 0, \Delta = 0, c = 0$$

$$a > 0, \Delta < 0, c > 0$$

$$a < 0, \Delta > 0, c > 0$$

$$a > 0, \Delta = 0, c > 0$$
