

Kings & Queens (by Ava Max)

Fill the gaps with one of these words:

Fire	before	disobey	save	King	Queens	take	sword
------	--------	---------	------	------	--------	------	-------

If all of the kings had their on the throne
We would pop champagne and raise a toast
To all of the who are alone
Baby, you're not dancing on your own

Can't live without me, you wanna, but you can't, nah-nah-nah
Think it's funny, but honey, can't run this show on your own
I can feel my body shake, there's only so much I can
I'll show you how a real Queen behaves

Oh, no damsel in distress, don't need to me
Once I start breathing, you can't tame me
And you might think I'm weak without a sword
But if I had one, it'd be bigger than yours

If all of the kings had their on the throne
We would pop champagne and raise a toast
To all of the who are alone
Baby, you're not dancing on your own

..... me, then baby, it's off with your head
Gonna change it and make it a world you won't forget

Oh, no damsel in distress, don't need to me
Once I start breathing, you can't tame me
And you might think I'm weak without a
But I'm stronger than I ever was

If all of the kings had their on the throne
We would pop champagne and raise a toast
To all of the who are alone
Baby, you're not dancing on your own

....

In chess, the can move one space at a time
But are free to go wherever they like
You get too close, you'll get a royalty high
So breathe it in to feel the life

If all of the kings had their on the throne
We would pop champagne and raise a toast
To all of the who are alone
Baby, you're not dancing on your own

Oh-oh-oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh-oh-oh, oh-oh
