

ACTIVIDAD CLASE
TERCER AÑO DE EDUCACIÓN GENERAL BÁSICA
MATEMÁTICA
2020 - 2021

ESTUDIANTE.....

PARARLELO:

DOCENTE: Irae Camacho

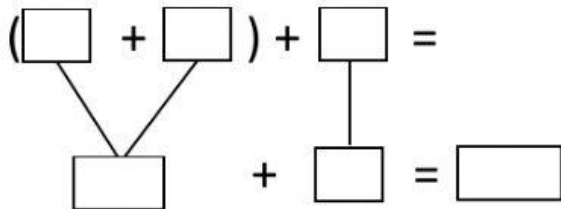

María Inés Macías

Andrea Herrera

1. Aplique la propiedad asociativa y encuentre el resultado.

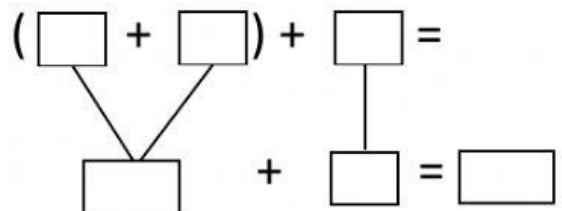

$$20+5+10=$$

$$(\square + \square) + \square =$$

$$\square + \square = \square$$

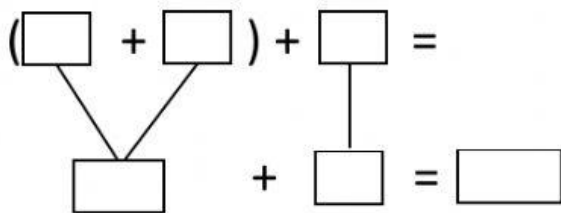

$$10+27+40=$$

$$(\square + \square) + \square =$$

$$\square + \square = \square$$

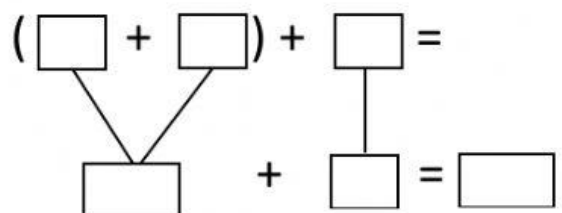

$$18+34+79$$

$$(\square + \square) + \square =$$

$$\square + \square = \square$$

$$33+95+12=$$

$$(\square + \square) + \square =$$

$$\square + \square = \square$$

$$26+67+43=$$

$$\begin{array}{c} (\square + \square) + \square = \\ \swarrow \quad \searrow \quad | \\ \square \quad + \quad \square = \square \end{array}$$

$$2+56+14=$$

$$\begin{array}{c} (\square + \square) + \square = \\ \swarrow \quad \searrow \quad | \\ \square \quad + \quad \square = \square \end{array}$$

$$67+76+80=$$

$$\begin{array}{c} (\square + \square) + \square = \\ \swarrow \quad \searrow \quad | \\ \square \quad + \quad \square = \square \end{array}$$

$$99+12+54=$$

$$\begin{array}{c} (\square + \square) + \square = \\ \swarrow \quad \searrow \quad | \\ \square \quad + \quad \square = \square \end{array}$$
