Patricia Denning stars in a sad movie about ambition and heartbreak.

When Cecilia leaves college in Texas, she has everything: a wonderful boyfriend, Carl, an interesting job and an expensive house in a pretty town. Her life is perfect. Even her black Labrador dog, Perky, is a star: he wins the local dog competition and Hollywood wants to put him in a movie.

Cecilia goes to Hollywood with him and leaves her boyfriend alone back home. When the studio fires Perky, Cecilia decides to stay in Hollywood and tries to get other movie roles for her beautiful dog.

Carl gives Cecilia an ultimatum: come home and stop behaving crazily, or stay there forever. Cecilia decides to stay in Hollywood and wants to become an actress herself. She sends Perky back to Texas and starts an acting course. After six months, Cecilia realizes she can't act and she misses home, but it's too late. Carl has found another girlfriend. Today, millions of people want to learn or improve their English but it is difficult to find the best method. Is it better to study in Britain or America or to study in your own country?

The advantages of going to Britain seem obvious. Firstly, you will be able to listen to the language all the time you are in the country. You will be surrounded completely by the language wherever you go. Another advantage is that you have to speak the language if

you are with other people. In Italy, it is always possible, in the class, to speak Italian if you want to and the learning is slower.

On the other hand, there are also advantages to staying at home to study. You don't have to make big changes to your life. As well as this, it is also a lot cheaper than going to Britain but it is never possible to achieve the results of living in the UK. If you have a good teacher in Italy, I think you can learn in a more concentrated way than being in Britain without going to a school.

So, in conclusion, I think that if you have enough time and enough money, the best choice is to spend some time in the UK. This is simply not possible for most people, so being here in Italy is the only viable option. The most important thing to do in this situation is to maximize your opportunities: to speak only English in class and to try to use English whenever possible outside the class.

3. What is one of the advantages of staying in your country to learn English?

- The teachers aren't very good in Britain.
- You have to work too hard in Britain.
- Your life can continue more or less as it was before.

4. People who don't have a lot of time and money should...

- Learn English in Britain.
- Try and speak English in class more often.
- Go to Italy to learn English.

Reading #5:

Dear Daniel,

If you'd like to improve your English, one thing you can do is to build up your vocabulary. In order to do this, you have to practice a lot. I'm afraid there is not a short cut for this. But there are many effective ways. First of all, you should read a lot. You can read short stories, comics, newspapers, magazines etc. depending on your English level. As you read, you can try to guess the meanings of unknown words from the context of the sentence. If you cannot, then look up the definition in a dictionary. English to English dictionary should be your first choice and keep the translator as last. Another way of building vocabulary is to watch movies in English which will also help with pronunciation. Try to be involved with the language as much as you can. Keep a vocabulary notebook and write down a few words each day. Keep in mind that you have to revise them regularly. In my opinion, to communicate with people all you need is words. Even if you just say the words one after another, people most likely will understand what you mean regardless of the order of the words and grammar.

1. What is the main point of this e-mail?

- A) What can we do to improve our English
- B) Difficulties of learning English
- C) Problems of learning a second language alone
- D) What's the best way of learning English

2. Which of the followings is incorrect?

- A) We should use a translator for all the unknown words.
- B) We should read a lot.

- C) We should take notes when we learn new words.
- D) We should practice as much as we can.

3. What is the most important thing to communicate with people according to the writer?

- A) Grammar
- B) Vocabulary
- C) Order of the words used
- D) Advanced English course
