

# Sentences

## Sentence and Fragments

A **sentence** is a group of words that express a complete thought.

A **fragment** is not a sentence. It doesn't express a complete thought. It is a group of words without a subject or a predicate.

**Sentence:** Our family took a trip to see relatives who live in New Providence.

**Fragments:** Our family. Took a trip to see relatives who live in New Providence.

Read each group of words. Put an X in front of the correct answer (**sentence or fragment**).

- |                                     |                                   |                                   |
|-------------------------------------|-----------------------------------|-----------------------------------|
