

## Parts of a Cell

<b>Cell Membrane</b>	Separates the inside of the cell from the outside of the cell		
<b>Cell Wall</b>	A tough layer on the outside of the cell membrane		
<b>Cytoplasm</b>	"The Gel" inside the cell that holds in the organelles		
<b>Nucleus</b>	"The Brain" of the cell		
<b>Vacuoles</b>	"Storage Tanks" of the cell to hold water.
