

Gulliver in Lilliput

1- Choose the correct adjective ending with -ed/-ing

My name is Lemuel Gulliver. I used to be a doctor on a ship, but one day there was a **terrifying /terrified** storm. Our ship hit some rocks and sank. All the crew drowned. I was alone and I felt **frightening /frightened**. So I swam. I swam until I reached an island, where I crawled onto the beach feeling **exhausting /exhausted** and I fell asleep. When I woke up, I heard noises, but I couldn't move. It was all very **confusing/confused**. My arms and legs were tied up to the ground with ropes. Then something climbed up my leg- a tiny man! He looked **puzzling/puzzled**. I might have looked like a giant to him! It was **fascinating/ fascinated** to look at such tiny, little man. Suddenly, forty more men appeared on my chest. I shouted loudly and pulled one hand free - imagine how **frustrating/frustrated** it was for me not to move-, but someone shouted 'Tolgo phonac!'. It was **surprising/ surprised** to listen to a language I had never heard before! I didn't know what it meant, but hundreds of tiny arrows flew at me. So, **feeling disappointing/ disappointed** and rather **disgusting/disgusted** I decided to lie still.
