The club isn't the best place to the planet,

so the restaurant's where I go

Me and my friends at the table talking stats

about in the world

I saw my dream woman at the bar

..... half of her meal,

and my jaw hit the floor

She's perfect in every way,

but if she, it's a dealbreaker for sure

Now I'm singing like

Girl, did you know how much

food in the world gets wasted?

..... of food from

restaurants, homes, and?

boy, boy, you talk too much

..... people on on earth go

You should take a please

You should take aplease!

I don't love when you your food

We make way more than we

..... kids don't get to choose

When they go to bed hungry

At the grocery in aisle two

I always buy all the fruit

Cuz you know that it still tastes like it's brand new

And it's good for your country

Oh I don't love when you your food

One week in, we let the story begin,

follow you home for our first date

I've made you a flow chart

about how you can get

about your personal

I talk for hours and hours

about how you have the power

to ignore some

And if your fridge is too cold,

then food can grow old

a little faster than you'd like

No food should when one person

goes hungry
