

REPÀS EXAMEN FIGURES PLANES

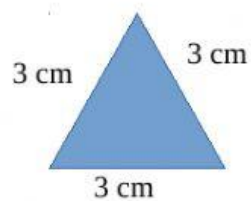

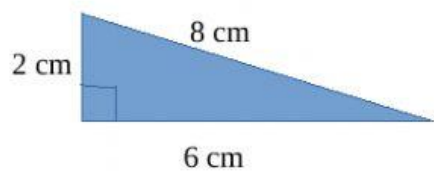

1. Eligeix el nom de les parts d'aquest polígon:

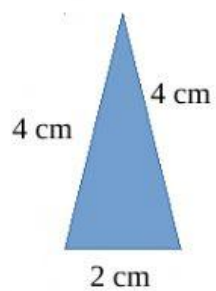

2. Indica quants costats té cada figura i quin nom té:

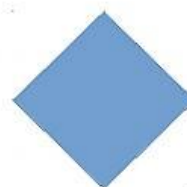

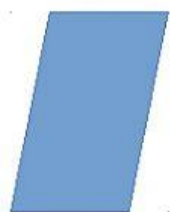

3. Eligeix els dos noms que caracteritzen aquests triangles:

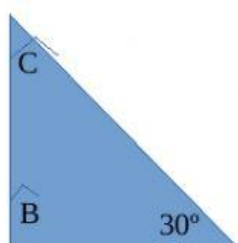

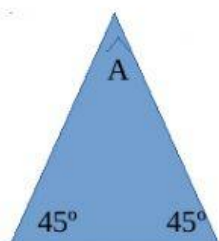

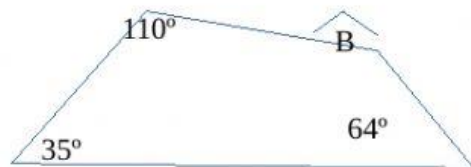

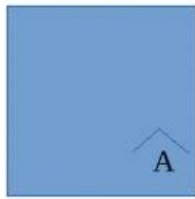

4. Escriu el nom d'aquests polígons i clica'ls si són PARALLELOGRAMS:

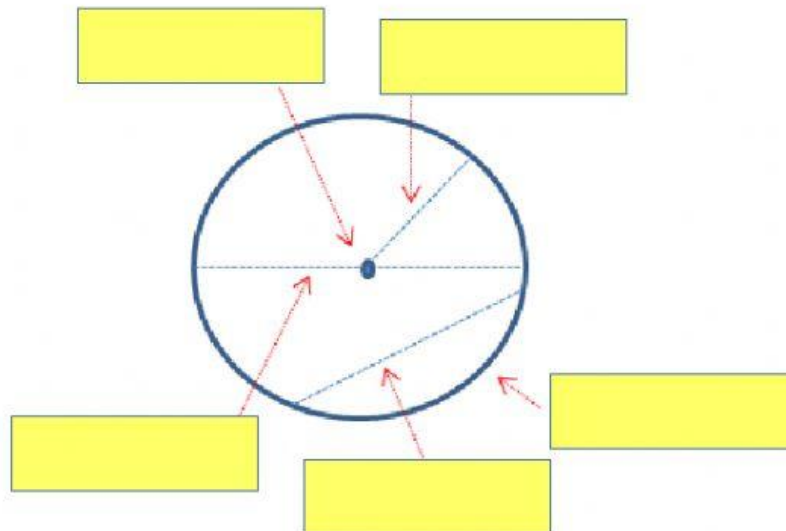

5. Calcula l'angle que falta:

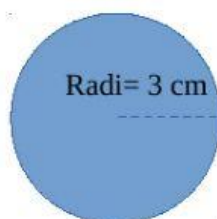

6. Escriu les parts de la circumferència:

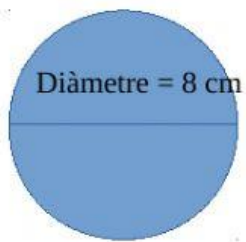

7. Si el radi d'una circumferència fa 5'5 cm, quants cm fa el diàmetre?:

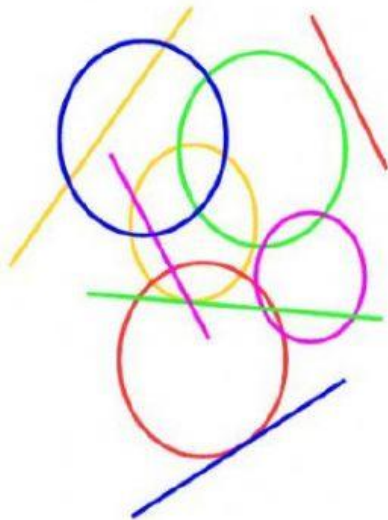

8. Si el diàmetre d'una circumferència fa 30 cm, quants cm fa el radi?:

9. Calcula la LONGITUD d'aquestes circumferències:

10. Indica la relació d'aquestes rectes i circumferències:

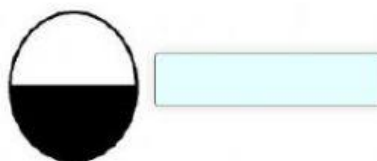

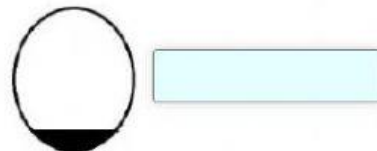

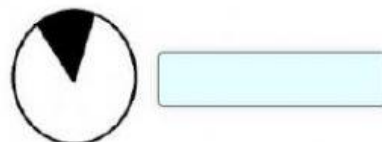

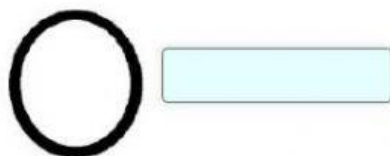

a) Circ. Verda i recta vermella:

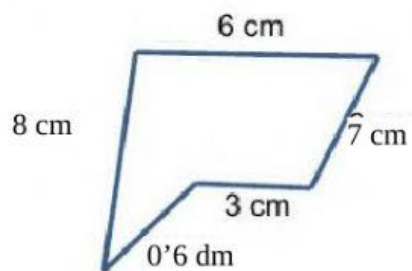

b) Circ. Vermella i recta blava:

c) Circ. Blava i recta groga:

11. Escriu el nom dels elements del cercle:

12. Calcula el perímetre d'aquest polígon:

cm

13. Si el perímetre total d'un polígon de 5 costats és 125 cm, quants cm mesura cada un dels costats?
