Harry Potter Book Review by Emily

J. K. Rowling is the writer of the seven Harry Potter books. The main characters are Harry and his friends. The plot is about the adventures they have at their school.

At the beginning of the book, Harry is small and thin. He has black hair, green eyes and he wears glasses. (משקפיים) He doesn't have a mother or a father. He lives with his aunt (דודה) and uncle (דוד).

On his 11th birthday, Harry learns that he is not like other boys.

He is a wizard (קוסם). He goes to a wizard's school and learns how to do magic. Ron and Hermione are Harry's friends.
