_____
A hundred miles an hour
In the wrong direction
She is _____
But the canyons ever widening
In the depths of her cold _____
So she sets out on another misadventure just to find
She's another _____ older and she's _____ more steps behind

Chorus:
_____ anybody hear her?
Can anybody _____?
Or _____ anybody even know _____ down today?
Under the shadow of our steeple
With all the lost and lonely _____
Searching for the hope that's tucked away in _____ and me
Does anybody _____ her?
Can anybody see?

She is yearning
For shelter and affection
That she never found at home
_____ searching
For a hero to ride in,
To ride in and save the _____
And then walks in her prince charming
And he _____ just what to say
A momentary lapse of reason
And she _____ herself away

(Chorus)

//If judgment looms under every steeple
If lofty glances from lofty people
Who can't see past her scarlet letter
And we _____ even met her//

(Chorus x2)

_____ a hundred miles an hour in the wrong direction.
