Hi Mary,

How are you doing? Long time no see! I've been so busy lately. Sorry I haven't kept in touch. I am taking a road trip across Canada right now. I've seen some really amazing things.

We started our trip in Vancouver and rented a car. The car was a bit expensive but still much cheaper than a flight, and we got to see so many things while driving! Our first stop was Kelowna in the Okanagan. We stayed in a lovely inn owned by the nicest couple. They invited us to taste some local wine with them. My husband loved it, but I thought it was too sweet. I don't think I like Canadian wine.

After that, we drove into the mountains. Wow! The Rocky Mountains are the most beautiful mountains I have ever seen! We went to Banff and had a delicious dinner. Can you believe I ate elk? I was scared to try it but the server promised I would like it. It was great!

Next we drove north on the Icefields Parkway. This road is very safe and we saw so much wildlife. I even saw a bear! We also drove right past a glacier. I think this is the best drive in all of Canada. We should drive this road together next summer.

That night we stayed in Jasper. I love Jasper. I think it's better than Banff. In Banff there were so many tourists. It was too crowded. Jasper is quieter and I think it's more beautiful as well.

The next day we drove to Edmonton. While we were driving, we saw some bison. They are so big! I was scared but my husband said we were safe behind the fence. Edmonton is in the prairies and the land is completely flat. It was so strange to see this so close to the mountains. In Edmonton our hotel isn't very nice. I miss the beautiful architecture of Jasper. Tomorrow we are driving to Saskatoon. I heard that Saskatoon has the most beautiful sunsets. I hope we will get to see one.

Well, it's time for dinner. I'll try to write again soon to tell you about the rest of my vacation.

Take care,

Jane
