late, **Freedom to not wear a mask**

Welcome to the Freedom Cafe!

We trust you your own choices if you want a face mask. And, in the same spirit of individual liberty, we allow our staff to their own choices about the safety procedures they prefer as they prepare and serve your food.

We encourage employees their hands after using the bathroom, but understand that some people may be allergic to certain soaps or may simply prefer wash their hands. It is not our place them what to do.

We understand that you may be used to chicken that to 165 degrees. We do have to respect that some of our cooks may have seen a meme or a YouTube video that 100 degrees is fine and we do not want to encroach on their beliefs.

Some servers may wish to touch your food as they serve it. There is no reason that a healthy person with clean hands can't touch your food. We take their word for it that they are healthy and clean.

Water temperature and detergent are highly personal choices, and we allow our dishwashing team how they'd prefer to wash the silverware you will put in your mouth.

Some of you may get sick, but almost everyone survives food We think you'll agree that it's a small price to pay for the sweet freedom told what to do - and especially not for the silly reason of keeping strangers healthy.
