

Here is some information about London. Put in **the** where necessary before the names of the famous places. If **the** is not necessary, put in **X**.

Most tourists want to see where the Queen lives when they visit **X** London, so Buckingham Palace is very popular. But I think the best thing to do is to take a boat trip on River Thames to see all the famous buildings. You can get on the boat at Westminster Bridge, near Houses

of Parliament. If you go down the river to Tower of London, you'll pass St Paul's Cathedral on the way. This is a very old and beautiful church, and one of my favourite buildings.

As a change from sightseeing, you could go shopping along Oxford Street, or maybe if you like animals, go to London Zoo. There's lots to do and see in the capital. Come and see!
