

5. ఎంత ఎక్కువ - ఎంత తక్కువ?

How much more - How much less?

Name -

Class:- IV

Subject:- Maths

I. Can you estimate the answers of the following problems?

1. Sandhya spent ₹ 91 on fruits and ₹ 82 on vegetables.

About how much money did she spent in all ?

Solution:-

91 is closer to 90

82 is closer to 80

So, she spent about $90 + 80 = 170$

She spent in all = 170 ₹

2. Somaiah earned ₹ 89 on Monday and ₹ 57 on Tuesday.

About how much money Somaiah earned in all?

Solution:-

89 is closer to

57 is closer to

So $90 + 60 =$

Somayya earned in all = ₹

3. About how much is the sum of 58 and 33 ?

Solution:-

58 is closer to

33 is closer to

So $60 + 30 =$

The sum of 58 and 33 about = ₹

4. Sridhar spent ₹ 68 on food and ₹ 99 on toys at the jathara.

About how much money did Sridhar spend at the jathara?

Solution:-

68 is closer to

99 is closer to

So $70 + 100 =$

Sridhar spent about = ₹
