

Visual	Auditory	Kinesthetic	Read&Write

study for tests with flashcards	read printed information out loud to yourself	walk around while reviewing the information	trace words with your fingers as you study
join a group to discuss ideas with other students.	make graphs or flowcharts	rewrite ideas in your own words	review material with someone while tossing a ball.
translate visual information into statements	make a song to memorize something	record lectures to listen to later	print out presentation slides to look at them later
