W: Wow, how did you make this beautiful
 ❶ _____?

M: It was quite easy. After deciding on a
 ❷ _____, I chose three different
 colors to dye the cloth with.

W: I can see that you chose green,
 ❸ _____, and yellow. But how did you prevent the
 ❹ _____ dye from getting to the parts where you
 ❺ _____ blue or yellow?

M: I used wax to seal those ❻ _____ of the scarf off from the dye.
 That way, when you dip the ❼ _____ into the green dye, only
 some parts absorb the dye.

W: Let me guess. After that, you ❶ _____ the wax from the other
 parts, cover the green parts with ❷ _____, and then dip the cloth
 in blue or yellow dye!

M: That's right! But you have to let the cloth ❸ _____ first, or the
 pattern won't look as nice when you finish.

W: It must have taken a long time for you to ❹ _____ the whole
 thing.

M: It took me about ❺ _____ days, just because I had to let the
 fabric dry overnight before I could do the next color.
