- 7 The longest \_\_\_\_\_ in the world is the Nile, which runs through ten countries.
- 8 The world's largest \_\_\_\_\_ is Greenland, which is over two million km<sup>2</sup>.

## READING

### Ukraine

Ukraine has a border with seven other countries and has a coastline that is 2,782 km long. Its coastline is on the Black Sea and on a smaller sea called the Sea of Azov. The country is over 603,000 km<sup>2</sup> in area and is the second largest in Europe and the 44<sup>th</sup> largest in the world. Ukraine is nearly as big as Texas. Kiev is the capital and the biggest city in the country. The city's population is over 2.7 million.

Most of the country consists of plains. The average height above sea level is only 175 metres. The country's main mountain range is the Carpathian Mountains in the west. Its highest mountain, Hora Hoverla, is 2,061 metres high. There are almost 23,000 rivers in Ukraine. Its longest river is the Dnieper, which is 966 km long. Lake Synevyr is the biggest lake in the Carpathian Mountains. The most popular fish there are carp and bream. It is also the most important lake in Ukraine, as it provides the country with most of its water. 12% of Ukraine's surface is covered in forests and 58% of the land is farmland. Ukraine is known as the 'bread basket of Europe', as it grows so much food.

Read the article and answer the questions. Write full sentences.

- 0 On what two seas does Ukraine have coastline?  
*On the Black Sea and the Sea of Azov.*
- 1 Which is bigger, Ukraine or Texas?
- 2 What is the capital of Ukraine?
- 3 What type of landscape does Ukraine consist of mostly?
- 4 What is the importance of Lake Synevyr?
- 5 Why is Ukraine known as the 'bread basket of Europe'?

Read the text again. Find the facts related to these names and numbers. Then complete the table.
