

FRICTION

- Fig. 3. Factors acting on the load*

-

1. Static friction is also known as
- | | |
|-------------------------|----------------------|
| A) Self adjusting force | B) External friction |
| C) Internal friction | D) Sliding friction |
2. Sliding friction is _____ to static friction.
- | | |
|----------|-------------------------|
| A) Equal | B) More |
| C) Less | D) Cannot be determined |
