F:	beautiful	poisonous	endangered	dangerous

3) Listen to someone giving a talk about 'discovering new species' in Papua New Guinea.

4) Which three creatures in the photos are mentioned?

★ Tree frog, honeyeater, and the river shark.

★ Rainbow fish, monitor lizard, and the honeyeater.

★ Rainbow fish, butterfly, and the honeyeater.

5) Listen again and answer the questions.

1. Who does the speaker work for?
2. How many new species were found in Papua New Guinea between 1998 and 2008?
3. Why wasn't the honeyeater found earlier?
4. What does the speaker say is the 'good news'?
5. She says: "It's human beings who are doing it." Doing what?

Finished? Good job! That's it for today.
