

1) Label the objects of the Solar System:

2) Read the text. Choose the right words!

In the *future* we will ride bikes that can think for themselves!

1 They move as fast as a racing car, but will also be really safe.

2 The bike will a computer brain that will tell it when to slow down and speed up.

3 It will use a computer map, so it will always know it is

4 and if there a lot of cars on the roads.

5 We will be able to speak to it, and it where to go.

6 If you to go to the beach, just say, 'Beach, please' and the bike

7 will choose the and safest way to get there.

8 We will able to chat to our friends when we are riding using

9 the bike's microphone and webcam. Best of all, the bike

10 carry two, so you can go riding with your best friend!
