Introduction  
Interviewer

11.

**David Carrizales:** Good afternoon. We are at the Palacio de Gobierno with our guest, Nuevo León's Health Minister Doctor Manuel Enrique de la O. Please tell us, what do you think **about the actions to prevent the spread of COVID 19?**

12.

13.

**Dr. de la O:** The exponential increase of COVID-19 cases will become more and more frequent in the state after **people relaxed physical distancing measures**, **I think the best way to prevent illness is to avoid being exposed to this virus**. In my opinion, **everyone has to wear a mask in public places and when around people who don't live in your household, especially when other social distancing measures are difficult to maintain**. Don't forget to wash your hands frequently.

14.

**David Carrizales:** That's a smart opinion. Thank you for your time Dr. De la O. Good bye!

15.

**IV. According to the reading above, choose the best option for each question. Use the drop box.**

16. What is the main idea of Dr. de la O's interview?

17. What is Dr. De la O's opinion about the actions to prevent the spread of COVID 19?

18. According to Dr. De la O. What's the best way to prevent illness?

19. What do you think about Dr. De la O's recommendations? Do you agree or disagree?

20. Why the increase of COVID-19 cases will become more and more frequent in the state?
