The different faces of Andy Serkis

Andy Serkis is from England. He has lots of work in America and countries like France, but his home is in England.

He's friendly and funny. He's slim, and not very tall (1.73 m). His eyes are green and his hair is dark brown and grey. Andy is an amazing actor and can change his appearance.

In the film *Lord of the Rings*, Andy is a small, unhappy creature called Gollum. His hair is long, brown and dirty, and his eyes are very big and bright blue.

In *Rise of the Planet of the Apes*, he plays Caesar. He has white skin, not pink like Andy's, dark brown and grey hair (all over his body!) and grey eyes. He's very strong and is not very friendly to people.

In *Einstein and Eddington*, Andy is the German scientist Albert Einstein. His eyes, normally green, are dark brown and his hair, usually short, is long and light brown.

So Andy has lots of experience of changing his appearance!
