The Ant and the Dove

One hot day, an ant was seeking for some water. After walking around for a moment, she came to a spring. To reach the spring, she had to climb up a blade of grass. While making her way up, she fell unintentionally into the water.

She could have sunk if a dove up nearby tree had not seen her. Seeing that the ant was in trouble, the dove quickly put off a leaf from a tree and dropped it immediately into the water near the struggling ant. Then the ant moved towards the leaf and climbed up there. Soon it carried her safely to dry ground.

Not long after that, there was a hunter nearby who was throwing out his net towards the dove hoping to trap it in this way.

Guessing what she should do, the ant quickly bit him on the heel. Feeling the pain, the hunter dropped his net and the dove flew away quickly from this net

1. What did the ant feel on a hot day?

2. Then the ant fell because ...

3. What made the ant climb the blade of grass? Because

4. What would happen to the ant that day?

She ...
