

Identify the different types of nouns in the passages below.  
Write the words in the boxes provided.

Crocodiles are the largest living reptiles. They can grow up to 8 metres long and weigh over 400 kilogrammes. The crocodile's natural prey are fish and wild animals. It does not attack humans unless it is disturbed or has no more food.

In Sarawak, the Iban tribe performs a ceremony called *Miring* to make peace with the crocodile so that the reptiles do not attack the residents of longhouses.
