[UNIT 4. SCHOOL EDUCATION SYSTEM]

VOCABULARY

Full Name: .....
Class: .....

**** Use the correct form of the word in brackets to fit each gap.***

When Johnson came into my class, he was a bit "difficult". But when he got (1)_____ (interest), it all changed. He was extremely bright and he should have done much (2) _____ (good) in all of his subjects. I have read a couple of his books and (3) _____ (see) him on television. 1 said to my wife, "Oh, look. I used to teach him." I certainly wish I was as (4) _____ (succeed) with ail my students as with Johnson.

It's difficult to teach nowadays. There are discipline problems and not enough money. The government should spend (5) _____ (many) money on science education. I also wish the classes were (6) _____ (small). It's difficult to teach lessons in (7) _____ (laboratory) with large groups of students. My wife often wishes I had chosen a less (8) _____ (stress) career. However, I love teaching. It's a great feeling when you know you've (9) _____ (teach) something well. It also makes me proud when I see my students (10) _____ (do) well, like Johnson. I feel that I've achieved something precious.
