

Oh my best memories

1. Watch the video and complete the text below.

- a) I think my earliest memory _____ my dad lifting me onto a stool so I _____ play my yo-yo. Although, thinking about it we _____ have just shortened the string.
- b) I remember _____ on the front door steps _____ with my mom. It _____ have been about ...
- c) Near where I _____ up there _____ a playground and elevated train tracks; rather than playing we decided to go exploring. Walking along the side of the lake we _____ a long and small tunnel. In the dark we _____ a burst of flames. We _____ it was a dragon and _____ away. My friend and I _____ each other on to go and see the dragon and snuck towards it. Closer and closer we _____. The darkness parted and it _____ a welder doing his job. How silly did we feel.

2. We usually use verbs in the past to talk about past situations. However, when we are remembering repeated situations in the past we use used to or would. Transform the memories above into sentences using used to or would.

- a) My dad _____ onto a stool so I could play my yo-yo. (used to)
- b) My mom and I _____ on the front door steps to sing. (would)
- c) My friend and I _____ along the side of the lake. (used to)
