Using AutoSum in Excel

Put these instructions in a sequential order (from step 1 to step 4)

How to get the total number of things using AUTOSUM?

- Next, click the AutoSum button on either the Home or Format tab.
- First, type a list of five numbers in Column A. Tap the enter key after each number.
- Lastly, tap the Enter key to show SUM of the five numbers.
- Then select a cell next to the numbers you want to sum.

Write the instructions in the pink box below.

1. First, type a list of five numbers in Column A. Tap the Enter key after each number.

2.

3.

4.
