Hi Daniel,

How are you? I'm working on the school (1) this year.

I'm writing the book reviews. It's great fun. I wanted to draw the
(2) too, but Sam's doing that. I love writing about books now.

I'd like to write about books for a website or a (3) when I'm
older. I sometimes look at job (4) online and think about the
future. I'd like to work in London or New York!

I saw a (5) at school today. It was for a party at the end of
the year. Would you like to come?

Right! I've got to go! See you soon!

Judy
