

## The Solar System

**The sun** is very hot.  
It gives us heat and light.

The first planet in order from the sun is **Mercury**.  
Mercury is the *closest* planet to the Sun.

The second planet in order from the sun is **Venus**.  
Venus is the *hottest* planet in the Solar System.

The third planet in order from the sun is **Earth**.  
Earth is the only planet in the Solar System that has life.

The fourth planet in order from the sun is **Mars**.  
Mars is also known as the Red Planet

The fifth planet in order from the sun is **Jupiter**.  
Jupiter is the *largest* planet in our Solar System.

The sixth planet in order from the sun is **Saturn**.  
Saturn has many rings made up of ice crystals.

The seventh planet in order from the sun is **Uranus**.  
Uranus is the *coldest* planet in the Solar System .

The eight planet in order from the sun is **Neptune**.  
Neptune has the most violent weather.

*violent*- бурен, жесток  
*ice crystals*- ледени кристали  
*the closest* - най-близо  
*the hottest* - най-горещ  
*the largest* - най-голям  
*the coldest* -най-студен
