

## **Worksheet: Roles of Members that Live in Groups**

Choose the option that best completes each sentence.

### **Gorillas**

A typical group of gorillas is led by the biggest and strongest mature \_\_\_\_\_ gorilla. He's called a \_\_\_\_\_ gorilla.

### **Lions**

\_\_\_\_\_ lions (lioness) do most of the hunting and cub raising. The main job of \_\_\_\_\_ in the group is defending the group's territory.

After \_\_\_\_\_ lions kill their prey, the \_\_\_\_\_ usually eat first, lionesses next, and the \_\_\_\_\_ last.

### **Bees**

The \_\_\_\_\_ bee's job is simple—she lays the eggs of bees. There is usually only a single queen in a hive.

\_\_\_\_\_ get food (pollen and nectar from flowers), build and protect the hive. They have a \_\_\_\_\_.

\_\_\_\_\_ bees are called drones—the third class of honeybee. Drones primarily exist for the purpose of \_\_\_\_\_. They do not defend the hive or kill intruders, and do not have a \_\_\_\_\_.
