PERPINDAHAN KALOR

Lengkapi bagian ruang yang kosong dalam tabel dengan menjawab apakah gambar tersebut termasuk dalam contoh : Konduksi / Konveksi / Radiasi.

NO.	GAMBAR	JENIS PERPINDAHAN KALOR
1	An illustration of a clothesline with several items of clothing (orange shirt, green jacket, blue pants) hanging on it. The clothesline is set outdoors on a grassy area with flowers. In the background, there is a bright sun and a blue sky with clouds.	
2	An illustration showing a hand holding a metal rod over a small flame. The rod is positioned horizontally, and the flame is at one end. Blue arrows point along the length of the rod, indicating the direction of heat transfer.	
3	An illustration showing a fire burning in a hearth. Red wavy arrows labeled "Radiasi" (Radiation) point from the fire towards two hands held nearby, representing the transfer of heat through radiation.	
4	An illustration of a pot of water boiling on a gas stove. Steam is rising from the pot, and the stove is lit with a blue flame.
