

1. **Read the problem, approach word problems as a reading comprehension activity first**

- 3. Generate a number sentence to represent the first problem and solve using a place value chart.**

- 5. Write a sentence to answer the question.**

2-->3.

4.

5. Rewrite the question as a statement to answer.

Place Value Blocks

Hundred Ten One

PLACE value to add

WITHOUT REGROUPING

REVIEW

Step 1. Draw the first addend (part) in the place value chart.

Step 2. Draw the second addend (part) in the chart

Step 3. Count (bundle ones/tens) to add and get the sum

	H	T	O
PART			
PART			

_____ _____ = _____

(whole)
