Hello Alia!

I'm on holiday in India with my aunt and uncle. My uncle works in India so my aunt wanted to visit and brought me too. Last week we travelled to the north of India to visit the Taj Mahal. It's a really beautiful building. The weather was very bad. It rained all week.

Yesterday, we went to a great restaurant and I ate some fantastic Indian food. It was really hot and spicy. I loved it but my aunt drank lots of water because it was so hot!

See you soon,  
Muna

Dear Mum,

I'm having a wonderful time in Oman. Yesterday, I went to the funfair in Muscat - it was great! I went with my friend Ali. It was very hot!

Last week I visited Jibreen Fort, which was fantastic. When we drove back from Jibreen, we saw lots of camels and goats. It was amazing.

This morning I went to the souk in Muscat and bought some presents. I bought lots of dates. I also bought Tom a cap that Omani boys wear. I've already got one. Ali gave it to me.

Lots of love,  
Peter

POSTCARD

Dear Hasan,

Hola from sunny Mexico! Hola means Hello in Spanish. I'm on holiday with my mum and dad. I'm having a great time. Last week we went to see the pyramids in the South of Mexico. It was fantastic!

Yesterday, I went shopping with my mum and bought some presents. I bought my sister something called a poncho. It's like a cloak but it's one piece of material that you put your head through. You wear it to keep warm. I bought my granddad a hat called a sombrero - it's huge! It's a big hat made from straw. People wear them to keep the sun off their heads.

Take care,  
Jack

Hi Marta!

I'm having a great time in New Zealand. Yesterday, I went skiing! I was so cold. It snowed all day. Last week, I visited Mount Cook and saw a glacier which is a river made of ice. Then I went to see the fjords in the South Island. We went out on a boat and we saw some seals. They were fantastic!

I visited my uncle's farm on the South Island last week. It was great. He's got four thousand sheep. I ate a lot of lamb!

Bye for now,  
Penny
