Hi! My name is Hermione Granger .I'm English and I study at Hogwarts. It is a special school for magicians and I live there.

My favourite day is Monday, I am **always** happy on Monday mornings. I get up very early. In the morning, I have **History of Magic lessons** and **Defense against the Dark Arts** lessons. They are my favorite subjects. After lessons,I play my piano but my favorite instrument is the violin. Then, we have lunch in the school dining room. I **usually** have lunch with my best friends Harry and Ron.

In the afternoon, I read my favourite books about Transfiguration and Astronomy. Then, I go to the school sports centre to see the quidditch games. I **never** play quidditch, but Harry **always** plays it, he's very good at it!

In the evening, I do my homework and prepare a potion.Polyjuice Potion is the best for me.Finally, I have a nice shower and meet my friends for new adventures.

My school is strange because we **never** have lessons on Tuesdays.

For these things, Monday is my favourite day of the week. What's yours?
