

# Watch the video and do the exercise.

**Google forms**

**Poll Everywhere**

**Socrative**

**PlayPosit**

**Quizlet**

Engaging exercises and games that engage students using smartphones, laptops and tablets.

It lets students learn and improve by studying with flashcards, games and more.

Create forms with hyperlinks, images, and videos. Use them for surveying and quizzes.

Teachers can create a feedback poll or ask questions. Students respond in various ways and teachers see the results in real-time.

An interactive video and assessment tool that allows teachers to add formative assessment features (pauses and questions) to survey what students know about the topic.
