Homophones and Homonyms

Homophones are words that sound the same, but have different meanings and are spelled differently.

Choose the correct word to fit in each sentence.

1. Akhil is boarding a _____ to go on holiday.
2. He will ask to sit _____ the window.
3. His _____ parents will go with him.
4. They will stay in a hotel _____.
5. They will try not to _____ anything in the hotel.

1. Harriet is a _____.
2. She has a _____ in her mouth.
3. She can _____ very well with her big ears.
4. She has to be careful not to be the fox's _____.
5. She would not like to _____ and be his dinner.

Homonyms are words that sound the same and have the same spelling but differ in meanings.

Connect each word to its two possible meanings.

Cricket ●	●	A fancy dance A round object
Second ●	●	An insect A sport
Ball ●	●	A flying animal A wooden object
Bat ●	●	After first A short amount of time
