4. **Desktops** are for storing images, videos and digital material in general. We can find them in digital cameras, mobile phones, etc.
5. A **memory card** is a small storage device. It can transport files from one computer to another.

READING COMPREHENSION

Favourite possessions

Martin, 14, London

When you walk into Martin's bedroom, it is clear that he is football crazy. There's a football by the bed and a signed Chelsea team jersey on the wall. There are lots of photos of Martin and his friends playing, plus his

his favourite possession of all time, a signed photo of his favourite ex Chelsea player, Frank Lampard.

'When I come home from school, I come up to my room and I play computer games. My new desktop is fantastic. The speakers and the flat screen are awesome. I've got all my *Harry Potter* books and my collection of football magazines. Everything that is important to me is in this room, and I love it.'

Sarah, 15, Edinburgh

'My room is smaller than my brother's room, but I don't mind. The most important thing here is my laptop. I can play music on it or watch DVDs. I can email friends or chat to some of them online,' says Sarah.

Looking around her room, there are a lot of pictures on the wall, a bookcase full of books, and some framed photos of her family and friends.

'And this is Buster,' says Sarah. She holds up a small soft toy rabbit. 'Buster is my favourite and oldest possession. My parents gave it to me when I was three.'

Read the texts and choose. TRUE / FALSE or NOT MENTIONED:

1. Martin has got a signed photo of the Chelsea team on his wall.
2. Martin doesn't like reading.
3. Martin's father is a Chelsea supporter, too.
4. Sarah's brother has got a bigger bedroom than Sarah.
5. Sarah hasn't got a scanner.
6. Buster is Sarah's new friend.
