

ADVANTAGE 2: EXTRA LISTENING

You are going to hear five different people talking about a natural phenomenon that they have experienced. Listen and identify which statement best corresponds to each speaker. There are three extra statements. 03 | 01

- A I was surprised at other people's reactions when seeing this.
- B I was disappointed when I first saw this.
- C When I first saw this, I didn't realise what it was.
- D I've seen this phenomenon in more than one country.
- E I thought my chance of seeing this had gone.
- F I wish I could see this phenomenon again.
- G I'm always excited by this despite seeing it so often.
- H I haven't seen this in real life yet.
