

Physical Science Course 1 Proficiency Sheet: Chemistry: Atomic Theory & The Periodic Table 28% of Milestones Assessment

fsicourses.net Physical Science Course 1: Atomic Theory and the Periodic Table	Score	Date Passed
1.1 Periodic Table Properties of Water (Prerequisite) LT 1: I can identify and explain the properties of water. b. Periodic Table & Periodic Table Trends LT 2: I can analyze and interpret simple data to determine trends of the following: number of valence electrons; types of ions formed by main group elements; location and properties of metals, nonmetals, and metalloids; and phases at room temperature. (Proficient)		
1.2 Atoms a. Atomic Structure LT 3: I can develop and use a model to compare and contrast the properties of protons, neutrons, and electrons in an atom. (Proficient)		
b. Ions LT 4: I can create models of ions and demonstrate how they affect the chemical properties and bonding of atoms. (Proficient)		
c. Isotopes LT 5: I can develop and use models to compare and contrast the structure of atoms, ions, and isotopes. (Proficient)
