My name is Sarah and I live in Cape Town, the capital city of South Africa. I live in an apartment between the Castle of Good Hope and the Fugard Theatre. I love my city. There are many things to do. I love the Victoria Shopping Centre. It is beautiful. It has a big toy store, a book shop, and a cinema. I go to St. Mary's Primary School. Opposite my school is the South African National Gallery and there are parks nearby. At recess, I like to play **diketo** with my friends. You play with a ball and stones inside a circle. You have to throw the ball up, move the stones, and catch the ball. I also like to practice Kgati. It's skipping rope and dancing at the same time. I love dancing.
