However, she believed Mario was her other half, her one true love. She tried to convince herself that this was normal.

There are so many myths about love.

**It's important to recognise how these myths about love can disguise violence and abuse. Do you know the kinds of violence that usually happen in boyfriend-girlfriend relationships?**

If he or she is jealous, controlling, offends you, humiliates you in front of others, or makes you feel bad about the decisions you make, this is psychological violence.

If he or she pushes you, pulls you, or hits you, this is physical violence.
