

SIMPLE PAST

Complete this text about Lucy's great-grandparents

When my great-grandparents(be) young,
they.....(live) in a small house in the city.

My great-grandfather(work) for a
newspaper and my great-grandmother
(stay) at home . She(look) after the
children,(clean) her house and
(cook) for her family.

They(not have) electricity, so they
.....(not watch) television and they
.....(not use) a computer. They
.....(play) games in the garden and they
(listen) to the radio. In the evening they(play)
card games.

At the weekend they(visit) their family.

They(not have) a car, so they
.....(walk) everywhere.

They(be) happy. Life(be)
simpler but they(have) a very good time.
