All about music: Rock 'n' Roll

Rock 'n' roll started in the USA in the early 1950s. It was the first type of music that was very popular with teenagers and many older people did not like it. They thought music and dancing was bad for young people. Some of the most famous rock and rollers were Chuck Berry, Jerry Lee Lewis and, of course, Elvis Presley.

What
I think

It's great.

It's OK.

I don't really like it.

I'm going to play a shiny ⁽¹⁾ _____.
I'm going to drive a big fast car,
I'm going to go far, yeah, really far,
Because, baby, baby, baby ...
I'm going to be a ⁽²⁾ _____.

Everyone's going to be my ⁽³⁾ _____,
Every woman, and child and man,
I'm going to do everything I can,
Because, baby, baby, baby ...
I've got a ⁽⁴⁾ _____.

Rock, rock, come rock with me,
Yeah, roll, roll, roll with me,
Rock, rock and you're going to see,
Just how big I'm going to be.

I'm going to shout. I'm going to ⁽⁵⁾ _____.
I'm going to do the dinga linga ling,
I'm going to win. Yeah, I'm going to win,
Because, baby, baby, baby ...
I'm going to be ⁽⁶⁾ _____.
