

# FINAL EXAM 2020

## THIRD CHILDREN READING

1. a) Read about a Mary's typical day in Brighton and put the actions in the pictures in the same order as they appear in the text.

### A British Saturday!

I love weekends – no school! On Saturday mornings I get up late – at about nine o'clock. If I have a friend to stay for a sleepover on Friday night, then we sometimes get up very late!

I like watching some children's programmes on TV in the morning. They have got great music and easy competitions with fantastic prizes.

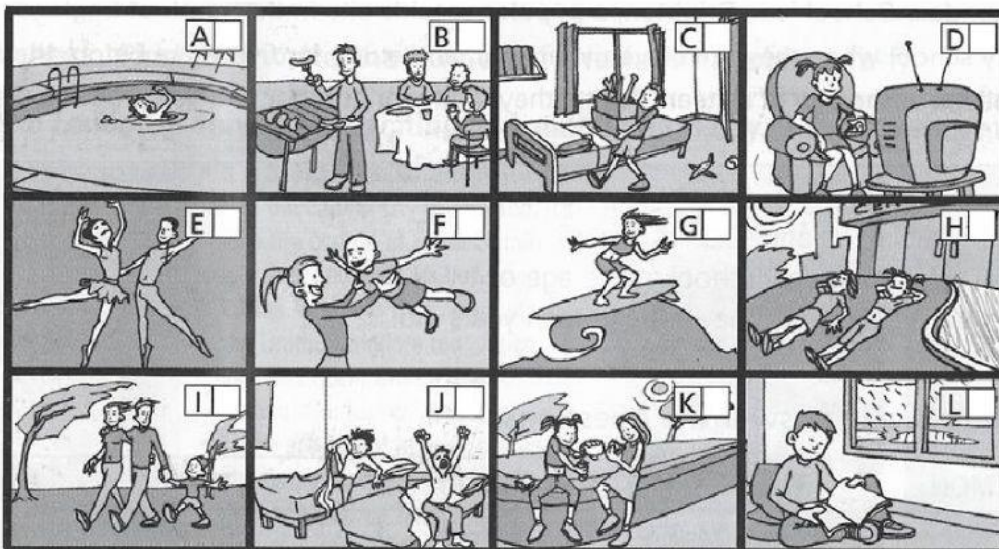

Then, I usually have a shower. If it isn't raining, I go for a walk with my friends – usually to the city centre. We like going to the shopping centre. We go window shopping – and look at the boys, too! **We sometimes** sunbathe just outside the shopping centre.

We have lunch at about one o'clock. If I'm with my friends, we buy sandwiches, crisps and drinks and sit on the wall outside the shopping centre.

In the afternoon, we go to the beach in the summer. If it's hot, we go swimming and surfing. If not, we just sunbathe and play some games. **We sometimes** have barbecues with my family and friends. I love that.

In winter, I do ballet or go to art classes or piano classes. **I always** go swimming. There's a great pool in Brighton. Or I go for long walks with my parents. That's fun

If it's raining, I surf the internet or read books and magazines. I love Top of the Pops magazine. It's great. And **I sometimes** tidy my room. I don't like doing it, but it's OK because it's nice when it's tidy. We have dinner at about eight o'clock. After that, I listen to a CD, or I play with my little brother. He's only six but he's OK – usually! I go to bed at about ten or half past ten at night.

b) Answer the questions about Mary.

1. What time does Mary get up on Saturdays?

\_\_\_\_\_

2. Where does she go after having a shower?

\_\_\_\_\_

3. When she is with her friends, what do they buy for lunch?

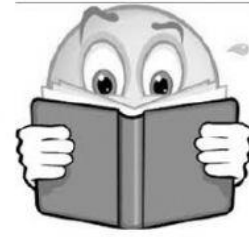

\_\_\_\_\_

4. What does she do in the afternoon? (In summer)

\_\_\_\_\_

5. What does she do when it's raining? (In winter)

\_\_\_\_\_

2) Read the sentences and answer T (True) or F (False).

1. When it isn't raining, Mary stays at home. \_\_\_\_

2. Mary and her friends always sunbathe outside the shopping centre. \_\_\_\_

3. They don't have lunch at quarter past one. \_\_\_\_

4. When it isn't hot, they go swimming. \_\_\_\_

5. She never has barbecues with her family and friends. \_\_\_\_

6. In winter, she doesn't go to guitar lessons. \_\_\_\_

7. She loves tidying her room. \_\_\_\_

8. She doesn't go to bed at quarter past ten. \_\_\_\_

3) Read and write the numbers.

a Paula never does judo on Mondays. She always plays the flute.

b Paula sometimes has a dance lesson on Tuesdays.

c Paula always plays chess with her teacher on Wednesdays.

d Paula doesn't have a dance lesson on Thursdays. She does judo.

e Paula often plays table tennis with her friend on Fridays.

4) Read the text and write yes or no.

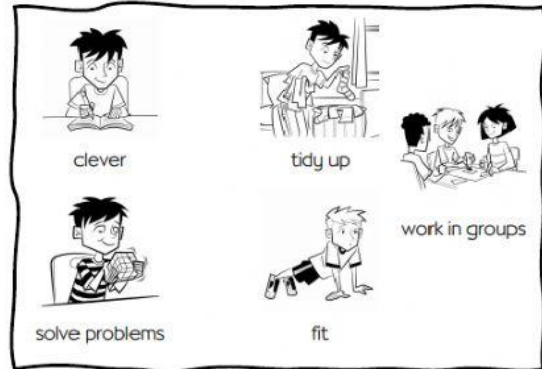

Hi Helen

I'm having a great holiday! I'm making sandcastles at the beach with my sister. My sandcastles are bigger than hers. She likes collecting shells, but I don't enjoy that. I want to play volleyball with Dad. He's good at volleyball because he's taller than me. We're having a picnic for lunch, and Mum says we can buy an ice cream at three o'clock. I've got a new Frisbee. It's fun!  
See you soon, Jo

- 1 Jo's sandcastles are smaller than her sister's sandcastles. \_\_\_\_\_
- 2 Jo loves collecting shells. \_\_\_\_\_
- 3 Dad is taller than Jo. \_\_\_\_\_
- 4 Jo is eating an ice cream now. \_\_\_\_\_
- 5 Jo likes playing Frisbee. \_\_\_\_\_

5) Read the text about Tom and complete with the words in the box.

Harry loves school. He is very  
1 \_\_\_\_\_. He likes maths and  
really likes to 2 \_\_\_\_\_.  
His friend Adam prefers PE. He is very  
3 \_\_\_\_\_. Harry and Adam like to  
4 \_\_\_\_\_ together. At home,  
Harry does his homework and helps his dad  
to 5 \_\_\_\_\_.

6. Read the text and write the correct name:

Maria's very clever, but she isn't the cleverest in the class. That's Julie. She's very good at doing sums! Bob and Tony are funny, but Peter is the funniest. Vicky's taller than me, but Anna's taller than Vicky, so she's the tallest girl in the class. Mel and Kate run fast, but Jack is the fastest. The oldest child is Pat. She's nine.

- 1. Who is the cleverest child in the class? \_\_\_\_\_
- 2. Who is the funniest child? \_\_\_\_\_
- 3. Who is the tallest child? \_\_\_\_\_
- 4. Who is the fastest child? \_\_\_\_\_
- 5. Who is the oldest child? \_\_\_\_\_
