| (5) A past action | (11) an infinitive |
| (6) An action that happened in the past and continues in present | |

Greg: Hi Cheryl. What are you doing this weekend?

3

Cheryl: I don't know. My sister invited us to her house on Saturday afternoon,

but I don't know if we'll be able to go.

Greg: Why not?

Cheryl: Well, my husband must work on Saturday, and he'll probably be too

tired to go anywhere after work. We might just stay home and rent movies, what about you?

Greg: Well, I'll be taking care of my brother's kids on Saturday because he

and his wife are going to a wedding, but I really want to do something on

Sunday. I was thinking about going to that Picasso exhibit they just opened at

the Modern Art Museum.

Cheryl: I've heard about that. It's supposed to be great.

Greg: Would you like to go? I'm going to be near the museum tomorrow. If you

want I'll get the tickets for you.

Cheryl: Actually, that sounds interesting. Let me talk with my husband, and I'll call you tonight.

Greg: Ok, I might be going to the movies tonight with Joel, but if I'm not there

you can leave a message on my answering machine.
