## LEVELS OF ORGANIZATION WORKSHEET

*Cells, tissues, organs, systems!*

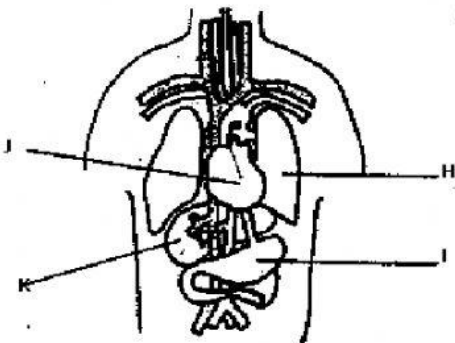

A) Use the words in the word bank, to label the levels of organization correctly.

| Word Bank |      |       |        |              |
|-----------|------|-------|--------|--------------|
| ORGANISM  | CELL | ORGAN | TISSUE | ORGAN SYSTEM |

### Levels of organization

B) The diagram represents organs from several body systems.

1. Identify the organs by writing the LETTER next to the name of the correct organ.

Stomach: \_\_\_\_\_

Heart: \_\_\_\_\_

Lungs: \_\_\_\_\_

Liver: \_\_\_\_\_

C) Choose T if the statement is TRUE and F if the statement is FALSE.

| # | Statement                                                                | T | F |
|---|--------------------------------------------------------------------------|---|---|
| 1 | Cells are the basic unit of structure and function of all living things. |   |   |
| 2 | A group of cells make up a system.                                       |   |   |
| 3 | A group of tissues make up an organ                                      |   |   |
| 4 | Organ systems come together to form an organism.                         |   |   |
