

My best friend

Hello! My name is Sara and I'm thirteen years old. I'm from Madrid, Spain. My best friend is Martyna, who is Polish and is thirteen, too. She came to Spain with her family four years ago. At the beginning she didn't speak Spanish very well but now it's different. She's very hard-working at school and she's fluent in Spanish now.

Martyna is tall and pretty. She's got long curly brown hair and brown eyes. She goes to my school and she lives not far from my house. We often come back from school together. After school we also spend some time together. I sometimes go to her house or she comes to mine and we listen to music and talk about different things: books, video games and films. She likes reading a lot. Last year she won a special prize for the best reader in our class. She's also good at other languages that we learn: English and German.

My friend is not very sporty. She doesn't like team games, but she likes swimming. I like sports and we go swimming together on Saturday mornings. She's a bit shy with new people but with me she's friendly and generous. I also admire her for adapting so easily to the new environment.
