Tuesday -	Monday -	Friday -
Wednesday -	Friday -	Saturday -
Thursday -	Saturday -	Sunday -

1. _____
2. _____
3. _____
4. _____
5. _____

- _ She was at the bakery.
- _ They were there on Sunday.
- _ He was at the police station.
- _ She was there on Friday.
- _ They were at the cinema.

3. READ THE TEXT AND WRITE TRUE OR FALSE. (Lee el texto y escribe VERDADERO o FALSO)
7 POINTS.

The Old Farmer's Almanac

How did people predict the weather in the past?

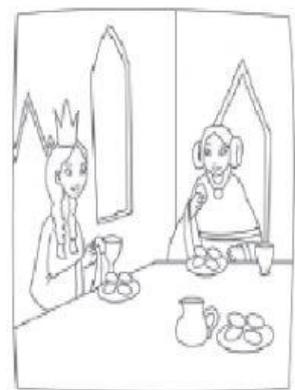

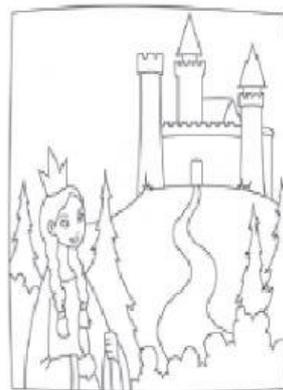

A long time ago, in the 1700s, a young scientist named Robert B. Thomas studied the sun, the moon and the stars in relation to the weather and the seasons. In 1792, he produced a small book called The Farmer's Almanac to predict the weather for each year. It told farmers when to grow different plants and it gave fishermen information about the sea.

It also included recipes, articles and jokes. Farmers kept the book in their outhouse (a bathroom that is outside) to read and use old pages for toilet paper! Today, people continue to buy and use The Farmer's Almanac to read the weather predictions for each season and get advice about gardening. In addition to the paper version, readers can find the book online at almanac.com.

1. The Old Farmer's Almanac is a book with a long history.
2. Robert B. Thomas started producing The Farmer's Almanac in 1792.
3. He used information from farmers to predict the weather.
4. The book included information about cooking.
5. The almanac was popular with farmers and fishermen.
6. People read the book in their kitchens.
7. The Old Farmer's Almanac isn't a book now.

**4. LOOK AT THE PICTURES; THEY SHOW A STORY. USE THE PROMPTS TO ASK QUESTIONS AND ANSWER THEM. (Mira las imágenes que muestran una historia. Usa las palabras claves para armar preguntas y respuestas).
8 POINTS.**

- a. Where/ the princess/ go? _____
- b. How/ she/ travel? _____
- c. What/ she find? _____
- d. How/ the story/ end? _____

5. READ AND COMPLETE THIS POSTCARD. (Lee y completa esta postal)
9 POINTS.
