Rawdat El Fayhaa High School

**Lesson**: Stories about joining

Objective: Children should be able to model joining stories and write an addition number sentence.

Example: Rasha sees 6 ducks in her garden. Then 2 more ducks fly into the garden. How many ducks are there in all?
____6____ + ____2____ = ____8____

8

____8____ ducks

Drag and drop the dots in the box. Then write an addition sentence.

1. Taym found 5 flowers. Then he found 3 more. How many flowers did he find in all?

_____ + _____ = _____

_____ flowers

2. Sara drew 7 ladybirds. Then she drew 6 more. How many ladybirds did Sara draw in all?

_____ + _____ = _____

_____ ladybirds
